“Each of our Managing Partners have more than 20 years of private equity experience. We know how to grow a business, and how to build a successful management team. To make that happen, you have to be committed to the company’s success.”

— James S. Hoch

“We work with management to double the size of the business over 3-5 years. We back excellent people in building their businesses, and work hard to structure our investments so we and management have parallel interests. Good partners working together can build great growth companies.”

— Douglas M. Karp
